IMPROVE YOUR SCORES

BUILD SELF CONFIDENCE

This School Holiday, let your child work on their **communication skills**, build **self confidence** and learn **study skills**. Join us and gain valuable skills that can be applied to both **school and life**.

Our Program includes exciting and practical activities for teenagers facing their examinations soon or even recently graduated students.

MIND MAPPING & STUDY SKILLS

By actively developing good study skills, you will keep your motivation high and achieve your goals more easily and efficiently.

Our module will cover demonstrated study skills including mind mapping, thought organization, planning, self directed learning, note-taking and revisions strategies to help our learners study more effectively.

Get inspired and succeed.

LEADERSHIP SKILLS

Calling all leaders of tomorrow to join our fun filled leadership workshop.

Adapted from the British Military Officer Selection process, we will test and challenge our young leaders and let them rise to the occasion.

Leading with a vision starts with a mission.

DEBATING AND PUBLIC SPEAKING SKILLS

Build confidence in your spoken English and learn how to inform and sway an audience with great presentations.

Get your points and arguments across effectively. We will be conducting lively debates on topics that are sure to interest and inform our learners.

These skills will be useful both in and out of the classroom.
